## Solution Reservoirs

Standard 4 channel, 8 channel, 12 channel and various special purpose pipettes are all compatible with these disposable, polystyrene reservoirs. To facilitate easy, dripless pour-off of unused reagents and solutions, all versions have indented "spouts" in each corner. Bottoms are formed with a sharply tapered "V" shape to minimize waste and reagent consumption. Packed in environmentally friendly packaging, within biodegradable bags and recycled cardboard boxes.

- Graduated
- Sharp "V" bottoms
- Pouring spout on all 4 corners
- Sterile & disposable
